SUBJECT: PUBLIC SCOPING ACTIVITY

Dear Sir / Madam:

Coca-Cola Beverages Philippines Inc. Davao 2 Plant is on its first modification stage for the additional single production line project. Minimal on-site works such as construction of foundation pads for the equipment, other civil works and electro-mechanical activities for the production equipment's are expected to commence next month.

The project will modify minimal civil works as the production plant facilities is already existing, additional lines will consist mostly of electro-mechanical works.

Coca-Cola Beverages Philippines Inc. Davao 2 Plant is are currently on the process of finalizing the ECC amendment for the proposed Increase in Production Capacity Project, in relation to this a Public Scoping is required to help assist the environmental issues which may occur during and after the said proposed development.

Environmental issues such as but not limited to the following:

Solid Waste
Air Pollution
Wastewater waste
Hazardous Waste

We sincerely invite you or your organization to participate in the public scoping activity on September 9, 2020, at around 10:00 AM. We would appreciate those who can attend through webinar at Microsoft Teams however for those who do not have web access – we will accommodate maximum of ten persons here in our Conference Room located at 2nd floor ADMIN Building.
